Impure Bi-Carb Soda is of a slightly dirty white color. It may appear white, examined by itself, but a COMPARISON WITH CHURCH & CO.'S "ARM AND HAMMER" BRAND will show the difference. See that your Baking Soda is white and PURE, as should be ALL SIMILAR SUBSTANCES used for

A simple but severe test of the comparative value of different branchs of Soda is to dissolve a dessert spoonful of each kind with about a pint of water (hot preferred) in clear glasses, stirring until all is thoroughly dissolved. The deleterious insoluble matter in the inferior Soda will be shown after settling some twenty minutes or sooner, by the milky appearance of the solution and the quantity of floating flocky matter according to quality. Be sure and ask for Church & Co.'s Soda and see that their name is on the package and you will get the purcat and whitest made. The use of this with sour milk, in preference to Baking Fowder, saves twenty times its cost.

The reputation it has attained, in consequence of the marvellous cures in has produced during the last half comtury, is a sufficient assurance to the public that it will continue to realise the happiest results that can be desired. In almost every section of country there are persons, publicly known, who have been restored from slarming and even desperate diseases of the mage, by its use. All who have tried it noknowledge its superiority; and where its virtues are known, no one hestiates as to what medicine to employ to selieve the distress and suffering peculiar to pulmonary affections. CHERRY Pro-TORAL always affords instant relief, and performs rapid cures of the milder varieties of bronchial disorder, as well as the more formidable diseases of the

As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, it is invaluable; for, by its timely use, multitudes are rescued and restored to health.

This medicine gains friends at every trial, as the cures it is constantly producing are too remarkable to be forgotten. No family should be with-out it, and those who have once used it never will.

Eminent Physicians throughout the country prescribe it, and Clergymen often recommend it from their knowledge of its effects.
